Seoni , Madhya Pradesh

## EDUCATION

### Full Stack Course (2023-2024)

Executed a comprehensive MERN Full Stack Development Course at Volcanus Academy, delving into MongoDB, Express.js, React, and Node.js, honing expertise in creating scalable and efficient web applications.

### B.Tech (2019-2022)

Sri Aurobindo Institute of Technology , Indore

Graduated with a Bachelor's degree in Mechanical Engineering from RGPV with 7.60 CGPA .

### Diploma (2015-2018)

Govt. Polytechnic College , Seoni

Diploma in Mechanical Engineering at RGPV with 6.85 CGPA

### High School - 10th (2013-2014)

Govt. Excellence School , Seoni

High School at MP Board with 75% .

## SKILL

### Software Development Methodologies

### Web Designing

### Project Management

### Adaptability

### Communication

# Shivam Gupta

## FULL STACK DEVELOPER

A passionate engineer with a solid foundation in engineering principles, I'm transitioning to the realm of software development and IT. Eager to apply analytical skills and bring a fresh perspective, I'm ready to contribute diverse expertise, advancing technology and making meaningful impacts in software innovation.

## EXPERIENCE

### MERN Developer at FxBytes Technologies

6 Month

- Contributed as a MERN Full Stack Developer at FxBytes Technologies, involved in the complete software development lifecycle.
- Utilized MongoDB for effective data storage and retrieval in applications.
- Developed responsive user interfaces with React.js to enhance user experience.
- Implemented server-side and business logic using Node.js for optimized functionality.
- Employed project management tools like Jira for efficient task tracking and team collaboration.

### Full Stack MERN Development Course

- Full Stack Development course emphasizing MERN stack (MongoDB, Express.js, React, Node.js).
- Supplemented with personality development training and practical project experience.
- Proficient in C and C++, with a strong foundation.
- Acquired skills in HTML, CSS, JavaScript, Bootstrap, Tailwind CSS, Node.js, Express.js, MongoDB, and React.js.
- Familiar with Material UI and WordPress.
- Experienced in version control using Git and contributing to GitHub projects.
- Proficient in project management tools like Jira.
- Adept in agile methodologies such as Scrum for collaborative work.

### Tools

- Git: Version control for collaboration
- GitHub: Hosts Git repositories
- VSCode: Code editing IDE
- Jira: Task tracking and team coordination
- MongoDB: NoSQL database system
- MongoDB Compass: GUI for MongoDB
- Postman: API testing tool

## COURSE

Udemy courses in C/C++ and HTML/CSS with Tailwind, significantly enhancing proficiency in programming languages and web development frameworks through practical project applications.

## PROJECT EXPERIENCE

### MERN Blog

**Technology** - MongoDB, Express.js, React, and Node.js

- Engineered MERN Blog application utilizing MongoDB, Express.js, React, and Node.js.
- Empowers CRUD functionality for blog posts, enriching user interaction.
- Integrated user authentication for secure platform access.
- Proficient in full-stack development techniques.
- Orchestrated RESTful API design for seamless data interaction.
- Ensured responsive web design for optimal user experience on all devices.

### E-commerce

**Technology** - MongoDB, Express.js, React, and Node.js

- Crafted MERN-based E-commerce platform.
- Established user authentication for secure access.
- Streamlined product management through CRUD operations.
- Expertise in full-stack development techniques.
- Architected RESTful APIs for efficient data interaction.
- Enhanced user engagement through implementation of responsive web design principles.

### Contact Keeper

**Technology** - MongoDB, Express.js, React, and Node.js

- Developed Contact Keeper website in MERN stack.
- Utilized MongoDB, Express.js, React, and Node.js.
- Implemented comprehensive CRUD functionality for managing contacts.
- Proficient in each component of the MERN stack.
- Delivered seamless user experience for contact management.
